

European Le Mans Series credentials grand opening

European Le Mans Series launches its 2012 season and opens the media credential delivery. The application form is available on line in the press area of the European Le Mans Series website:

http://www.lemans-series.com/en/s09_presse/s09p01_espace_presse.php

Two media passes are available:

- permanent 2012 (attending at least four events)
- race by race

Each application form must be imperatively accompanied by the following documents:

- 2012 national press card
- professional insurance for photographers
- letter of assignment from your chief editor
- articles published on Le Mans Series after a previous accreditation

Media accreditation is restricted to media representatives. It is issued by the Press Office to journalists with a valid press card and/or authorized by a letter of the chief editor to cover the event.

- **Free-lances:** for a first accreditation request, we thank you to send a recent article with your signature. For a renewal, please send copies of the articles you wrote about Le Mans Series races in previous year(s).
- **Websites:** Please indicate the importance of the media (number of unique visitors, number of connections, number of pages read...)
- **Photographers:** Due to many requests, we are sorry but we cannot deliver press credential for non professional photographers.

We remind you that the direct sale of pictures to competitors is not permitted during the event.

Access to the track and pit lane is not automatic and is at the discretion of the ELMS press office.

Warning: the journalists of the national press covering only the race of their country must be accredited by the circuit.
