POLE POSITION FOR AF CORSE AT THE “1000 KM OF SPA” WITH FERRARI F458 DRIVEN BY JAIME MELO. EXCELLENT THIRD PLACE FOR GIANCARLO FISICHELLA AND MARCO CIOCI IS SECOND IN THE GTE AM CATEGORY.

SPA – Jaime Melo is the fastest during the qualify of the “1000 km of Spa” with Ferrari F458 AF Corse. With a time of 2’20”743, the Brazilian is in pole position of the GTE Pro category in the second 2011 race of the Le Mans Series. Melo runs with Toni Vilander.

AF Corse team is very satisfied also for the great third place in the qualify of Giancarlo Fisichella. The Ferrari F1 driver runs on F458 together with Gianmaria Bruni. After the second place in the first race of the Le Mans Series, the crew will try to repeat a fantastic performance.

In the GTE Am, Marco Cioci is the protagonist with a very good result in the qualify: the Italian driver caught up the second time, with a little gap from the faster car of the category. He runs with F430 in crew with Piergiuseppe Perazzini and Stéphane Lemeret.

The other one F430 – driven by Robert Kauffman and Rui Aguas – did not qualify. During the free session of the morning, an accident has broken the car. At the green light of the race, however, the F430 will be on the starting grid.
